Testimonials

First-time visitor to Alaska (Racine, WI)
Our family of five (including three young adults) really enjoyed our four days at the Amber Cove cabin. What a beautiful part of Alaska! The cabin was very nicely furnished. We enjoyed the use of the canoe and paddleboat, as well as the patio with fire pit. It was a great place for quiet get-away time, but we also recommend hiking in nearby Denali State Park, visiting Talkeetna, and driving a little further down Petersville Rd. for awesome views of Mt. McKinley (or Denali, as they call it in Alaska). Both the owner and the caretaker were SO friendly and helpful. We highly recommend this place!

The cabin is everything described and very well supplied. The solitude and silence was magnificent. We enjoyed watching the ice melt and being able to observe the wide variety of birds in their natural habitat. The location was perfect for our anniversary week and coming back to the cabin was a nice way to end each days adventure in and around the area. James and Claudia May 2011
